MOHAMMAD ARIF

FULL STACK DEVELOPER

Haridwar, Uttarakhand | arifmalik16t@gmail.com | [LinkedIn](#) | [Portfolio](#) | +91 7217544634

SUMMARY

B.Tech Computer Science student with a strong foundation in full-stack web development. Skilled in building responsive user interfaces using React and developing RESTful APIs with Node.js, Express, and MongoDB. Experienced in implementing authentication, database integration, and real-world project workflows. Passionate about turning ideas into practical applications and continuously improving through hands-on learning.

TECHNICAL SKILLS

Languages: JavaScript, Java,
Frontend: React, HTML, CSS
Backend: Node.js, Express.js
Database: MongoDB
Tools & Others: Git, GitHub, Postman, REST APIs, VS Code.

PROJECTS

StyleStore – Clothing E-Commerce Web Application

Developed a full-stack clothing e-commerce app with product listings, cart functionality, and backend APIs. Implemented CRUD operations and role-based access control, allowing admins to manage products while users can browse and manage their cart. Connected a React frontend with Express APIs and MongoDB for dynamic data handling.

AuthPortal – Secure User Dashboard

Built a secure full-stack user authentication system with registration, login, and a protected dashboard. Implemented JWT-based authentication, password hashing, and route protection using Express middleware. Integrated a responsive React frontend with REST APIs and MongoDB for user data management.

Portfolio Website

Designed and developed a responsive personal portfolio website using React to showcase projects, skills, and contact information. Built reusable components and implemented smooth navigation for an improved user experience.

EXPERIENCE

Full-Stack Web Development Intern (Remote)

Prodigy InfoTech | June 2025 – July 2025
Worked as a full-stack development intern, gaining hands-on experience in building scalable web applications and secure backend systems. Focused on enhancing both frontend and backend skills while applying concepts like REST APIs, user authentication, and responsive UI design using technologies such as React, Node.js, Express, and MongoDB.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

College Of Engineering Roorkee (COER University)
2023 – 2027 | Currently in 3rd Year
